STOP Violence Against Women Formula Grant (SART Program)

The STOP (Services • Training • Officers • Prosecutors) Violence Against Women Formula Grant Program (STOP) was authorized through the Violence Against Women Act (VAWA) signed into law by President Clinton in 1994. It has since been reauthorized and amended by the Violence Against Women Act of 2000 (VAWA 2000), the Violence Against Women Act of 2005 (VAWA 2005), and the Violence Against Women Act of 2013 (VAWA 2013). The purpose of VAWA is to promote a coordinated, multi-disciplinary approach to improving the criminal justice system's response to violent crimes against women. VAWA encourages the development and strengthening of effective law enforcement and prosecution strategies to address violent crimes against women and the development and strengthening of victim services in cases involving violent crimes against women.

II FUNDING INFORMATION

III WHAT WILL THIS REQUEST FOR GRANT APPLICATION FUND

Sexual Assault Response Teams (SARTs) are multidisciplinary collaborative teams made up of different groups that respond to sexual assault and who work together to improve the response to sexual assault in their community. This usually includes primary sexual assault responders like advocacy centers, advocates, medical/forensic examiners, forensic interviewers, victim service providers, law enforcement and prosecutors. Teams may also include other groups that work with victims or are a part of the criminal justice process.

This Request for Grant Application (RFGA) will fund the coordination of Sexual Assault Response Teams (SART). Sexual Assault Response Teams (SARTs) will work to create a coordinated response to sexual violence (sexual assault, sex trafficking) through multidisciplinary, victim-centered interventions. The goal of these teams is to improve outcomes for sexual assault victims through a collaborative, victim-centered approach. This approach will limit additional trauma to the victim, while enhancing the ability of law enforcement and prosecutors to hold offenders accountable.

SARTs should focus on adult and youth (age 11-24) who are victims of sexual violence. Sexual violence includes sexual assault and sex trafficking.

- “Sexual assault” means any nonconsensual sexual act proscribed by federal, tribal, or state law, including when the victim lacks capacity to consent.
- “Sex trafficking” occurs when someone uses force, fraud, or coercion to cause a commercial sex act with an adult or causes a minor to commit a commercial sex act.

SART activities may include:

- **Schedule/Facilitate and Coordinate SART Meetings**
 - Identify consistent, experienced, and committed leadership.
 - Ensure that SART membership is representative of all essential agencies, organizations, and individuals.
 - Identify and dedicate sufficient administrative support.
 - Convene at least quarterly multidisciplinary SART meetings.
 - Develop, maintain and update operational protocols that outline SART member roles and responsibilities.
 - Collect data to evaluate the effectiveness of the SART.
 - Facilitate communication among SART members and other community entities.
- **Develop/Implement Sexual Violence Response Protocols**
 - Identify, develop, and implement appropriate policies and procedures for the SART.
 - Facilitate meetings to review cases, identify issues that may require procedural changes, disseminate information to the community, and enhance the service delivery system.
 - Adopt written sexual assault response protocols that codify interagency expectations for responding to sexual violence in order to maintain high quality, victim centered and consistent responses to victims.
- **Identify Training Needs and Coordinate Training**
 - Identify and facilitate training for members of the SART.
 - Identify needs and system gaps in service delivery and investigation and facilitate training to improve response.

- **Conduct Community Outreach**

- Increase awareness of the availability of services for victims of sexual violence.

a) Activities that Compromise Victim Safety & Recovery

These activities have been found to jeopardize victims' safety, deter or prevent physical or emotional healing for victims or allow offenders to escape responsibility for their actions. Applicants that engage in, or propose, any of the following activities may not be considered for funding:

- Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or gender of their children;
- Procedures or policies that compromise the confidentiality of information and privacy of persons receiving services;
- Procedures or policies that impose requirements on victims in order to receive services (e.g. seek an order of protection, receive counseling, participate in couples counseling or mediation, report to law enforcement, seek civil or criminal remedies, etc.);
- Procedures or policies that fail to include conducting safety planning with victims;
- Project design and budget that fail to account for the access needs of participants with disabilities and participants who have limited English proficiency or who are deaf or hard of hearing;
- The use of pre-trial diversion programs or the automatic placement of offenders in such programs;
- Couples counseling, family counseling or any other manner or joint victim-offender counseling as a routine or required response to sexual assault, domestic violence, dating violence, or stalking, or in situations in which child sexual abuse is alleged;
- Offering or ordering anger management programs for offenders as a substitute for batterer intervention programs;
- Procedures or policies that deny victims and non-abusing parents or caretakers and their children access to services based on their involvement with the perpetrator;
- Requiring survivors to meet restrictive conditions in order to receive services (e.g. background checks of victims, clinical evaluations to determine eligibility for services.) or other screening processes that elicit information that is not necessary for services, such as questions about immigration status, gender identity, sexual orientation, disability, physical or mental health; and work or criminal history that the service provider does not need to know about to provide services safely;
- Relying on batterer intervention programs that do not use court monitoring to hold batterers accountable for their behavior;
- Policies and procedures that fail to account for the physical safety of victims;
- Enforcing or promoting nuisance abatement ordinances, crime-free housing ordinances, or crime-free lease addenda (often associated with crime-free housing programs) that require or encourage the eviction of tenants or residents who may be victims of domestic violence, sexual assault, dating violence or stalking;
- Policies or procedures that require testing of sexual assault forensic evidence in cases where the victim obtained a medical forensic exam but has not chosen to participate in the criminal justice system.

b) Out-of-Scope Activities

Research projects are outside the statutory scope of the STOP Formula Grant Program and therefore cannot be supported with program funds. This does not include program assessments conducted only for internal improvement purposes.

c) Unallowable Activities

- Lobbying
- Fundraising
- Purchase of real property
- Construction
- Physical modifications to buildings, including minor renovations

d) Violence Against Women Act Non-Discrimination Provision

All applicants must have written policies prohibiting discriminating against any person on the basis of actual or perceived race, color, religion, national origin, sex, gender identity, sexual orientation, or disability.

e) Confidentiality

All applicants must have written policies prohibiting the disclosure of a victim's name, address, telephone number, or any other identifying information without the prior voluntary written consent of the victim. Adopted policies must comply with the confidentiality and privacy rights and obligations created by section 40002(b)(2) of the Violence Against Women Act, as amended.

f) Collaboration

Applicants must demonstrate collaboration and describe how they engage stakeholders to ensure that victims are provided with holistic services that are victim-centered and individually tailored. Projects must reflect participation from law enforcement, prosecutors and victim services in the planning stage and throughout the life of the project. This collaboration must be established through a Memorandum of Understanding (MOU) which demonstrates how the proposed SART will benefit law enforcement and prosecution while maintaining a victim-centered approach.

IV EVALUATION CRITERIA

4. Identify gaps in services, and unmet needs regarding sexual violence, prosecutions, and victim services in the proposed geographic area or county.

c) Goals and Performance Measures *(two (2) pages maximum, not including exhibit)*

This component should include broad statements of intent (goals) and the measurable, time-specific outcomes that directly link with the identified problem statement. Goals are general statements of long-range benefits that reflect what changes are desired. Objectives are related to specific activities that will contribute to the accomplishment of the proposed goal(s). Performance measures (outputs, outcomes) are specific, quantified statements of expected results of the project. These outcome measures should be described in terms of events that can be realistically achieved within the contract period. It is critical to develop project measurement tools that can accurately track the stated outcomes.

The primary goal of a Sexual Assault Response Team (SART) is to improve the consistency and coordination of response to sexual violence by strengthening collaborations among law enforcement, prosecution, courts, and victim services systems. Applicants must, at a minimum, include this goal. Applicants may choose to include additional goals. The applicant should include objectives and performance measures which demonstrate how the proposed SART will:

- Schedule/Facilitate and coordinate SART meetings,

4. Describe how the proposed SART will ensure the response to sexual assault is culturally competent and victim centered.
5. Describe how the proposed SART will ensure that sexual violence victims have access to comprehensive services, including sexual assault forensic exams. Note: Sexual assault forensic exams must be equally available to all victims of sexual assault regardless of their participation with law enforcement.
6. Describe how the SART will enhance sexual violence investigations with the intent to increase the number of investigations and prosecutions of sexual violence.

Identify Training Needs and Coordinate Training

7. Describe how members of the SART will obtain training and professional development to improve their ability to respond to sexual violence victims and to investigate and prosecute sexual violence.
8. Describe how the SART will determine what groups, individuals, or organizations to target for training activities to improve the ability of the SART to identify and serve victims of sexual violence.

11. **Complete Exhibit L: Implementation Plan.**

e) **Memorandum of Understanding**

A Memorandum of Understanding (MOU) is a document containing the terms of the partnership and the roles and responsibilities between two or more parties. All applicants are required to submit an MOU that includes signatures from a law enforcement agency, victim service provider and the County Attorney that has jurisdiction over the geographic region covered by the Sexual Assault Response Team (SART). Applicants are also strongly encouraged to include family advocacy centers, courts and sexual assault forensic exam providers. The MOU must demonstrate how the proposed SART will benefit law enforcement and prosecution while maintaining a victim-centered approach to victims of sexual violence. A draft MOU may be submitted, however, no funding will be awarded until a fully executed agreement is in place. Letters of support may not be submitted in lieu of the MOU. The MOU must include the following:

1. Clearly identify the partners and provide a brief history of the collaborative relationship among those partners.

EXHIBIT D

SAMPLE Budget Narrative

The purpose of the budget narrative is to provide greater detail on the **budget line items for requested funds and matching funds/source**. The budget narrative should explain the criteria used to compute the budget figures on the budget form. Please verify that the narrative and budget form correspond and the calculations and totals are accurate.

Personnel: Include information such as position title(s), name of employee (if known), annual salary, time to be spent on this program (hours or %), number of months assigned to this program, etc. If you need additional fiscal personnel to manage this grant, include those costs also. Provide the calculation used to determine the requested funding amount for each individual (i.e. Bob Williams \$44,000 Annual Salary x .75 FTE = \$33,000).

All organizations that receive federal funds are required to maintain appropriate documentation to support salaries and wages per the 2 CFRs (Personal Activity Reports, Time and Effort Reports, Certifications, etc.). All organizations will be monitored to assure compliance with this requirement. Please review the appropriate 2 CFR for your organization.

Fringe Benefits: Provide a list of the fringe benefit costs and their respective percent of salary (See example below). Indicate any special rates for part-time employees, if applicable. Explain how the benefits for each position were determined.

Example list:

Fringe Benefit	Percent of Salary
Payroll Tax	.094
Worker's Comp	.020
Medical and Dental Insurance	.066
Total Fringe Benefit Rate	.18

Contracted Services/Professional Services: If contracted services/professional services are proposed in the budget, define how the costs for these services were determined and provide justification for the services related to the project. Explain how all contracts will be procured. The Sub-grantee will be required to submit a copy of the executed contract before any related costs will be reimbursed.

Travel: Travel costs are according to the applicant's written policy, but limited to rates allowable for State of Arizona employees per the State's travel policy located at: <https://gao.az.gov/sites/default/files/5095%20Reimbursement%20Rates%20160328.pdf>. Food costs related to travel are allowable at the rates listed in your policy, but limited to the State travel policy.

Include a detailed breakdown of the travel costs (i.e. lodging, mileage, per diem, etc.) Indicate the location(s) of travel, the justification for travel as it relates to the program, and how many employees will attend.

Pass Through/Subgrants: In the event that this application represents a collaboration and the Applicant will be utilizing other Grantees to perform various components of the program, include the Grantee name, the work the Grantee will perform, the dollar limit of the sub grant and how it was determined, and the term of the sub grant). Also include monitoring policies that will be utilized to assure compliance.

Supplies and Operating Expenses: List the supplies and other operating expenses and justify the need for the items. Identify the monthly cost for re-occurring expenses (i.e. rent, utilities, general office supplies, printing, etc.) If building rent is requested, please indicate the method used to allocate the appropriate

amount of rent to the program. Provide the item cost for infrequent purchases (i.e. telephone unit, registration fee, training cost, etc.). All purchases should be made according to the Applicant's written procurement policy, which at a minimum must contain the federal procurement guidelines for federal grants.

Administrative/Indirect Costs: Administrative costs are the general or centralized expenses necessary for the overall administration of an organization. Administrative costs do not include particular project costs. For organizations that have an established federally approved indirect cost rate for federal awards, indirect costs mean those costs that are included in the organization's indirect cost rate. Such costs are generally identified with the organization's overall operation and are further described in the Office of Management and Budget Circulars 2 CFR 200 at http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.

For the purposes of this grant, Sub-grantees may be permitted an allocation for administrative costs under one of the following:

Scenario A: Administrative Costs: If the applicant does not have a federally approved indirect cost rate, the applicant may include an allocation for administrative costs for up to 10% of the total direct funds requested.

If this option is used, please provide a short description and justification of the types of costs to be covered by the requested administrative cost allocation. Please note that each individual cost does not need to be itemized; only a justification for the level of administrative cost allocation should be provided.

Scenario B: Federally Approved Indirect Costs: If the applicant has a federally approved indirect cost rate agreement in place, the applicant may include an allocation for indirect costs. Applicants must provide a copy of their federally approved indirect cost rate agreement.

Indirect costs are costs of an organization that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project. The cost of operating and maintaining facilities, depreciation, and administrative salaries are examples of the types of costs that are usually treated as indirect.

Recipients of direct grants may still engage in inherently religious activities, but such activities must be separate in time or place from the Department of Justice funded program, and participation in such activities by individuals receiving services from the grantee or a sub-grantee must be voluntary. The Equal Treatment Regulation also makes clear that organizations participating in programs directly funded by the Department of Justice are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion.

XXVII. Victim Safety and Recovery

The Grantee agrees that grant funds will not support activities that compromise victim safety and recovery, such as: procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or sex of their children; pre-trial diversion programs not approved by OVW or the placement of offenders in such programs; mediation, couples counseling, family counseling or any other manner of joint victim-offender counseling; mandatory counseling for victims, penalizing victims who refuse to testify, or promoting procedures that would require victims to seek legal sanctions against their abusers (e.g., seek a protection order, file formal complaint); the placement of perpetrators in anger management programs; or any other activities outlined in the solicitation under which the approved application was submitted.

XXVIII. Copyright

Pursuant to 2 C.F.R. § 200.315(b), the Grantee may copyright any work that is subject to copyright and was developed, or for which ownership was acquired, under this award. The Office on Violence Against Women reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, in whole or in part (including in the creation of derivative works), for Federal Government purposes and to authorize others to do so.

In addition, the recipient (or sub recipient, contractor or subcontractor of this award at any tier) must obtain advance written approval from the Office on Violence Against Women program manager assigned to this award, and must comply with all conditions specified by the program manager in connection with that approval before: 1) using award funds to purchase ownership of, or a license to use, a copyrighted work; or 2) incorporating any copyrighted work, or portion thereof, into a new work developed under this award.

It is the responsibility of the recipient (and of each sub recipient, contractor or subcontractor as applicable) to ensure that this condition is included in any sub award, contract or subcontract under this award.

XXIX. Certification Requirements

The recipient understands and agrees that compliance with the statutory certification requirements is an ongoing responsibility during the award period and that, at a minimum, a hold may be placed on recipient's funds for noncompliance with any of the requirements of 34 U.S.C.A §§ 10449 (regarding rape exam payments), 34 U.S.C.A §§ 10449(e) (regarding judicial notification),³⁴

U.S.C. § 10450 (regarding certain fees and costs), and 34 U.S.C.A §§ 10451 (regarding polygraphing of sexual assault victims). Non-compliance with any of the foregoing may also result in termination or suspension of the grant or other remedial measures, in accordance with applicable laws and regulations.

XXX. Nonexclusivity

Nothing in this subchapter shall be construed to prohibit male victims of domestic violence, dating violence, sexual assault, and stalking from receiving benefits and services under this subchapter.

XXXI. Prohibition on Tort Litigation

Funds appropriated for the grant program under this subchapter may not be used to fund civil representation in a lawsuit based on a tort claim. This paragraph should not be construed as a prohibition on providing assistance to obtain restitution in a protection order or criminal case.

XXXII. Delivery of Legal Assistance

Any grantee or subgrantee providing legal assistance with funds awarded under this title shall comply with the eligibility requirements in section (d) of the Violence Against Women Act of 2013 (34 U.S.C. § 20121(d)) .

XXXIII. STOP Grant Match Requirements

Pursuant to federal statute, as amended in VAWA 2005 and 2013, a grant made under the STOP Formula Grant Program may not cover more than 75% of the total costs of the project funded. No matching funds are required by tribes or victim service providers. However, if a tribe or victim service provider chose to provide match in their application, applicants will be held accountable for that match.

To augment the amount of resources available to the project from grant funds and to foster the dedication of state, local, and community resources to the purposes of the project. The costs of activities counted, as match must be directly related to the project goals and objectives. For example, if half of an advocate's time is supported with grant funds, that advocate must track all of his or her time to demonstrate that

50% of it was devoted to the grant funded project. In-kind match must be documented in the same manner as grant funded activities.

A 25% non-federal match is required on the total program amount, and the source must be documented. This match may be cash or in-kind services. Grantee projects, except tribal and victim service providers, are subject to the 25% match requirement.

In-kind services must be documented. Examples may include donations of expendable equipment, office supplies, workshop or classroom materials, work space or the monetary value of time contributed by professional and technical personnel and other skilled labor if the services they provide are an integral and necessary part of the funded project. The value placed on loaned or donated equipment may not exceed its fair rental value. The value placed on donated services must be consistent with the rate of compensation paid for similar work in the organization or the labor market. Fringe benefits may be included in the valuation. Volunteer services must be documented and to the extent feasible, supported by the same methods used by the recipient organization for its own employees. The value of donated space may not exceed the fair rental value of comparable space as established by independent appraisal of comparable space and facilities in a privately owned building in the same locality.

All funds designated as match are restricted to the same uses as the STOP Violence Against Women project funds and must be expended within the grant period. Applicants are contractually obligated to fulfill the agreed upon amount of match that is offered.

The 25% matching funds are calculated on the total project costs. A simple formula for calculating the required 25% is as follows:

Divide the federal funds you are requesting by 3. This provides the required match. Add the federal funds requested plus your match to equal the total project cost.

Example 1: \$30,000 federal funds requested
 $\$30,000 \div 3 = \$10,000$ (required match)
 $\$30,000 + \$10,000 = \$40,000$ (total project cost)
 $\$40,000 \times 25\% = \$10,000$

Example 2: \$100,000 grant with a 25% STOP match.
 $100\% - 25\% = 75\%$
 $\$100,000 / 75\% = \$133,333$ total project cost
 $\$133,333 - \$100,000 = \$33,333$ matching fund amount

XXXIV. Program Income

Grantees are prohibited from generating program income for projects supported by this STOP Grant.

XXXV. Supplanting

Grant funds must supplement and not supplant state, federal or local funds. Grantees shall identify the current sources of funding including federal and non-federal monies by completing a Disclosure Form (Exhibit D).

XXXVI. Licensing

Therapy and/or counseling services (individual and/or group) shall be provided by a licensed and/or dating violence behavioral health service agency and licensed Masters level behavioral health staff members who are experienced working with victims/survivors of sexual assault, domestic violence.

XXXVII. Tribal Governments

Tribal governments are eligible to apply as Grantees; however, Reservations that cross state lines may apply for only the proportionate share of their population residing within the boundaries of this state. Services and partnerships shall occur in Arizona with respect to Arizona organizations and entities.

XXXVIII. Travel for Conferences

Reimbursement for attendance at any Office on Violence Against Women sponsored conferences shall generally be limited to your organization's written travel policies, but cannot exceed the federal rate for the geographic location of the conference.
